

Building Resilience Training Course

About This Course

Building Resilience Training Course

Do you want more self-confidence and belief and practical tools and strategies for building resilience?

Our Building Resilience Training Course will provide lots of tips and practical ideas to help build resilience in yourself and others. Find out what resilience is and the difference it can make your own levels of self confidence and belief.

This Building Resilience training course is delivered as a scheduled open online training course or in-house just for your business.

We deliver the course as a face to face course and a live virtual online course.

The Course Aim & Objectives

Here's what you will learn on our building resilience course

Course Aim

In this Building Resilience course we aim to provide you with a range of practical tools and ideas to build resilience in yourself and others.

The course looks at how to be more resilient in situations where you may feel you are currently overwhelmed.

Course Objectives

By attending this Building Resilience Training Course you will:

- Understand what resilience is and why we need it
- Know why our resilience levels may become reduced and how to avoid this from happening
- Understand the impact mindset has on resilience levels and how to develop a positive mindset
- Know how to build higher levels of personal resilience and resilience in others
- Be able to use a range of tools, skills and behaviours to further build and maintain resilience
- Understand how becoming more resilient will lower levels of stress

Note: This course is not designed to deal with or look at specific life events that have had an impact on a person. It is recommended that you seek professional help in these cases; however, the course will provide some tools on how you can self-manage these things.
